"My wife and I sold our house with Jonny in November 2020. I have known Jonny personally prior to having him as our agent and he is the guru in the world of real estate! He is extremely thorough and meticulous in his approach and he keeps things simple and somehow fun. The initial consultation was easy, he quickly set up a plan of attack which we agreed to and then he got to work. The thing I was most impressed about was the level of communication and speed of response that Jonny and his team had with us. They were even happy to answer my stupid questions! The sale price at auction was one that completely exceeded our expectations. We don't intend to move anytime soon but should our situation change, Jonny would be our logical choice."
- Jordan & Hannah

"Great first impression from Jonny on the phone - even greater upon meeting him and the team. Without doubt Jonny and his; relentless work, follow ups, communication with vendors, honesty, all combined with the auction process - returned a higher return than ever expected." - Marshall

"Jonny's local market knowledge and thorough sales process enabled us to get an awesome result in selling our property. I doubt we could have achieved the outcome we did without his professional skills and commitment. He works incredibly hard and leaves no stone unturned in marketing the property and working with prospective buyers. If you are selling a property in Christchurch you need to get Jonny and his team onboard." - Spencer

"What a wonderful experience working with Jonny. From start to finish Jonny was brilliant and we achieved a very successful result I highly recommend." - Andrew

"Jonny was so easy to deal with, not only was he honest, professional and available, he is just a genuine nice guy (and I don't say that about many real estate agents). Our sale was made easy and stress free. He has a great team around him. He will be our first call next time we look to sell." - Keryn & Mark

"We approached Jonny to sell our first home knowing nothing about the process. He instantly put our minds at ease after our first meeting by explaining how everything worked. He was very personable and answered all of our questions promptly. When we accepted a pre auction offer, Jonny strived to get us last minute views and bidders in the auction room which resulted in us getting more than we ever imagined! His expertise and professionalism stood out and he (and his team) went above and beyond to get us the best price he could. Would 100% recommend to others and would definitely use again." - Bree
